WELCOME TO THE FESTIVAL OF MOTORING 2026

Welcome to the 9th edition of the Festival of Motoring, powered by WesBank.

This year's theme, "Driven by Purpose. Defined by Legacy.", reflects a pivotal moment in mobility—one where we celebrate the performance, passion and heritage of the automotive world while embracing the innovations redefining how we move.

Over the next three days, Kyalami Grand Prix Circuit becomes the ultimate destination for motoring enthusiasts. Across the Festival's zones, visitors can discover leading automotive brands, experience exhilarating track action, explore interactive displays and enjoy unforgettable motoring experiences created for the whole family.

Behind every stand, activation and experience is an extraordinary collective effort. Our sincere thanks go to our exhibitors, partners, suppliers, technical crews and creative teams whose commitment, imagination and investment bring the Festival to life.

Most importantly, we welcome and thank every visitor joining us this year. Your passion for motoring fuels this event and drives the automotive industry forward. Whether you are here to discover your next vehicle, experience the thrill of the track, explore the latest models or simply share an unforgettable day with family and friends, we hope the Festival leaves you inspired.

As we look ahead to our milestone 10th edition, the Festival of Motoring continues to evolve from an automotive showcase into a dynamic celebration of motoring culture, mobility and shared experiences.

Welcome to the Festival of Motoring 2026

The cars you've been following. The technology reshaping how we drive. The people shaping South African motoring. It's all here, in real life.

It's also our happy place.

For decades, WesBank has helped South Africans get into the cars that took them to first jobs, carried families on holiday, helped businesses grow and made those spontaneous Sunday drives to Harties possible, just because.

Along the way, we've evolved too. We're here to make finance choices clearer, put useful tools in your hands to help you plan, and connect you with partners across the motoring world to make access to mobility simpler.

So, enjoy the noise, the thrills and the sheer variety of it all. Somewhere this weekend there may be a car, an idea or a conversation that changes what comes next for you.

Enjoy the ride.

We move with You
